THE CITADEL

The Citadel

1962

Presented by the
Senior Class
of
James Buchanan

Foreword

This year, as in past years, our yearbook is entitled "The Citadel." A citadel is defined as a fortress or a stronghold. On the division pages of our yearbook, we have used various conceptions of strength. For example, on the faculty and administration division page we have used trees and mountains to show the solid strength we expect of our faculty and administration. For the senior division page we show a hand holding the world, for among youth are to be found the leaders of tomorrow. They are the new strength with which to press toward our goals of peace and freedom.

The underclassmen are represented by a child. In a child there is strength; in a child there is hope--hope that he will succeed where we may have failed.

It is not difficult to see that there is strength in the scene of a knight and his horse, which we have used to represent our activities section. Our activities strengthen us, for we learn to do new things, to do old things better, and to co-operate with others. Our sport pages are represented by an illustration of a basketball game. Sports develop our physical strength and skill, but, win or lose, we must also have the strength of sportmanship.

Test tubes and beakers express the economic strength of advertising. Many modern products have been made possible by science. Science has given us a better way of life.

I wish to thank the faculty members, section editors, and members of the staff, who worked throughout the past year to make this yearbook possible. I am especially grateful to the Art Department for the fine art work on the division pages, and to the assistant editor for her constant help.

I hope that you will enjoy reading this yearbook, and that, many years from now, it will bring back pleasant memories.

VARSITY CLUB LOSES ELEVEN

Among this year's graduating class are eleven varsity lettermen, representing all four of the inter-scholastic sports in which our school participates. Several of the boys play in more than one of the sports. Our soccer team will lose three of its championship players, including the league's leading scorer, Rudy Hawbaker. Among basketball's six losses is "Big John", who leads the team in scoring. Baseball losses total six, while we are graduating only one track letterman.

Rudy Hawbaker will be a serious loss to the three sports in which he played. He played soccer for four years. This year he led the league in scoring and played on the all-star team. He played basketball for six years, serving the last two as a varsity guard. On the baseball team he played second base. Fellow classmates have named him "best athlete" in the senior class.

John Hoffman will be missed most when basketball season starts. He has played basketball for four years. For the last two he has been a varsity forward. This year he led the team in scoring and was selected to play in the Cumberland-Franklin all-star game.

George Zeger has played soccer for three years. His position was that of halfback. He also played baseball for four years, as catcher.

Gerald Myers, often called "Gerry" or "Jake" by friends, has played basketball for six years. During this time he has played both forward and guard. The last two years were spent on the varsity team.

Jim Rogers earned letters in baseball and basketball. During the four years he played basketball he was a forward. He played baseball for three years, serving as pitcher and outfielder. As a freshman, he was a starting pitcher, and as a junior, he led the team in hitting.

Lannie Gordon has played soccer for four years. His position was that of halfback.

Alton Shives is a varsity baseball player. During his four years on the baseball team, he has served as catcher, outfield, and third base.

Carl Finafrock has played baseball for four years. He serves as a pitcher.

Raymond Martin has served as guard on our basketball team for six years.

John Heinbaugh is the only senior to have a letter for track. He has been on the track team for two years, and in his junior year, he took first place for the half-mile in the Franklin County meet.

Terry Hopkins has earned letters in basketball and baseball. He played basketball for four years and baseball for two years. He also played soccer for two years, but he was ineligible for a letter.

To use the old expression, there are going to be some mighty big shoes to fill next year.
